PRINCIPAL'S MESSAGE

I feel immensely privileged to release the CMP newsletter for the session 2016-17. The newsletter is a reflection of the activities taking place in the Vidyalaya. A fleeting glance of the newsletter will help you to visualize the talent, creativity and intellectual calibre of the students along with the joyful learning of our budding tyros. Our Primary Section makes consistent efforts to bring out the best of every student and believes in the philosophy that every child is gifted with innate potential and is unique. I appreciate the entire team of Primary Section for their sincere efforts and dedication to carry out CMP in true spirit.

MESSAGE FROM H.M.

It gives me great immense pleasure in sharing the first term's newsletter to acquaint you with all the curricular and extra-curricular activities held and proposed to be held in the session 2016-17. Since the stress has shifted to learning, the student's and their activities focused upon. The activities help the students a lot in learning things. The Newsletter gives an overview of the activities performed by the students in the school. Under CMP every child is benefitted by the activities performed by using the facilities provided for acquiring knowledge and relating it with immediate environment.

Movie review

Name of the movie - Gulliver travels

Duration 55 minutes

This film is about a sailor called Gulliver. He loved to travel a lot in deep seas. One day his ship broke and he reached to an unknown land of small people called Liliput. First people were scared of him later they became friends. Gulliver got back to his home when he found ship. I enjoyed watching this film and want to see many more films like this.

PEACE

Peace is the only one
That can make earth like heaven.
Peace is the magic,
That make you forget you're tragic.
Peace is the heavenly light,
That will never let you fight.
Peace can make terrorism far,
That can stop the war.
Peace is the only one,
That can change tomorrow's sad day to fur
